Kyle.a.c.howard@gmail.com · <https://www.linkedin.com/in/kyle-howard-95718617a/>

I am a dynamic student studying Physics & Environmental Science as a Major and Computer Science as a Minor at the University of Toronto Mississauga. My interest in technology and physics have taught me many technical and problem-solving skills that I utilize in everyday life and in personal projects. My Methodical approach to problem solving and my ability to meet strict deadlines ensure effective support in a dynamic work environment.

EXPERIENCE

MAY – SEPTEMBER 2019

RESEARCH OPPORTUNITY PROGRAM, U OF T ENVIRONMENTAL SCIENCE DEPT.

Do Invasive Earthworms Impact Salamander Abundance along the Credit River Forest. Under the supervision of Dr. Monika Havelka, I collected and interpreted data over a four-month period that culminated in an end of semester paper.

MAY 2019 – PRESENT

GROUNDS MAINTENANCE, U OF T GROUNDS DEPT.

Full time summer position, part time Fall/Winter. I am tasked with general maintenance of the school grounds, required to use heavy machinery and make informed decisions to problem solve any sudden hazards presented on campus grounds.
